2 REVIEW

100 units (not counted) were received from Shenzhen Dexihong. One bag shown below.

The supplied unbranded PE bags were obtained as an additional item.

The quality is quite good. Nylon braiding feels good and the TPE necks to the connectors adds good robustness.

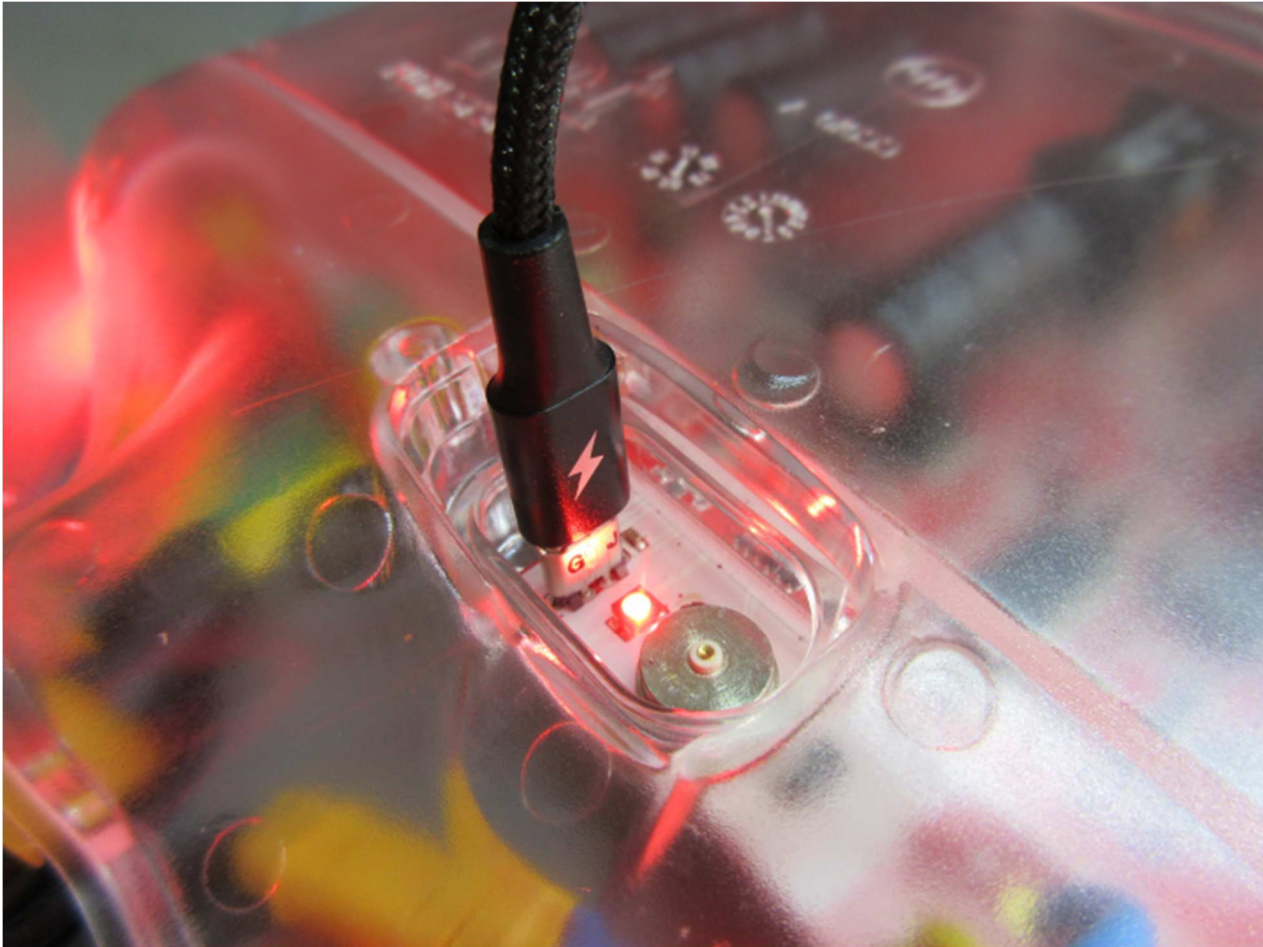

Electrically the cable measures as a basic straight through connection, which is ideal.

The cable mechanically fits the remote without issue. Mating retention is as expected. Firmware update was run while jiggling the cable throughout. No dropout. Battery charging and end of battery charging also tested.

Cable fits and functions with the main controller without issue.

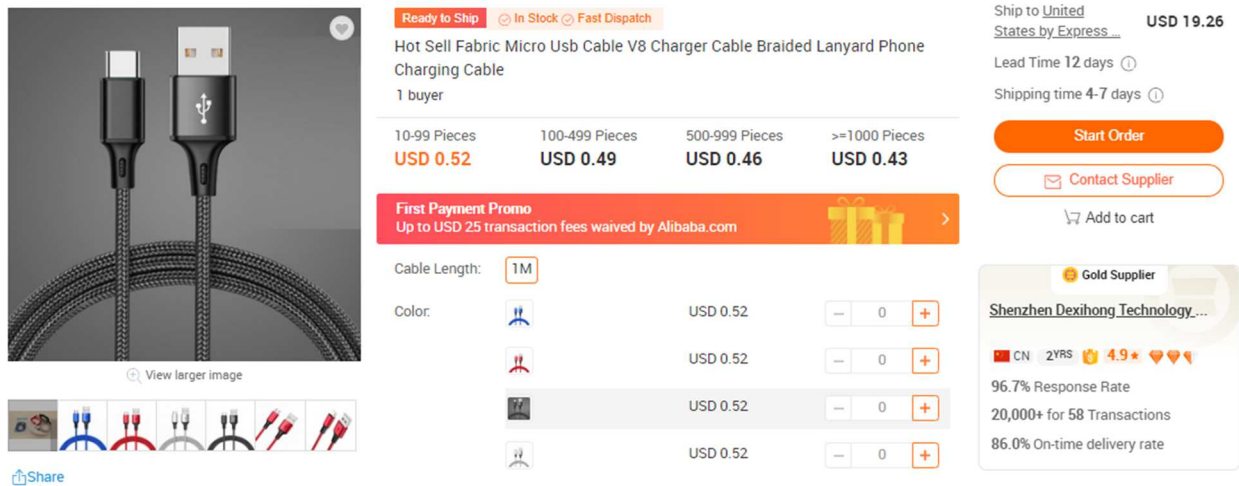

The PE Bag obtained are unbranded.

3 SUPPLIER

Cable branding available with MOQ 1000+, however when discussed, they could lower MOQ requirement to 300+.

Packaging branding would need to be negotiated. Standard requirement is MOQ 3000+.

Manufacturing lead time is typically 10 to 20 days. 100 units with initial order were in stock at the time of order. 14 days from ordered through to delivery by UPS.

The delivery of 100 units were US\$0.49 each, with UPS shipping US\$62.13 (DAP).
